- [All In One Search Page](#)

- HTML, edited in DreamWeaver
- the number of pages was growing over the years until it was hard to present all the information in a proper way – confusing both for users and Library staff
- not practical for editing

# Admin interface

The screenshot displays the Joomla! 1.5.22 administrative interface. The header bar includes the Joomla! logo, the site title "Knjižnica Instituta Ruđer Bošković", and the version "Verzija 1.5.22". A navigation menu at the top contains links for "Sajt", "Izbornici", "Sadržaj", "Komponente", and "Pomoć". On the right of the header, it shows the site's default language as Croatian, along with statistics for "Pregled" (0), "0" (0), "1" (1), and an "Odjava" (Logout) link.

The main content area is divided into two columns. The left column features a grid of icons for various administrative tasks: "Novi Članak" (New Article), "Svi Članci" (All Articles), "Naslovnica" (Homepage), "Sekcije" (Sections), "Kategorije" (Categories), "Media Menadžer" (Media Manager), and a "K2" logo. The right column contains a "TODO lista" (TODO list) with a filter, "Go", and "Reset" buttons. Below the filter, there are dropdown menus for "Select Priority" and "Select Status". A table with columns "User", "Message", and "Actions" follows, currently showing "No entry to show" and buttons for "Add Entry" and "Help". Below the table, there are expandable sections for "Logged in Users", "Popular", "Recent added Articles", "Menu Stats", and "Joomla! Security Newsfeed".

At the bottom of the interface, a footer line states: "Joomla! je Free Software objavljen pod GNU/GPL Licencom."

- the web pages are work in progress
- plan: translation to English
